

Cyberinfrastructure Future

William Y. B. Chang
Office of International Science and Engineering
National Science Foundation
March 21, 2004

Example: Pacific Rim Applications and GRID Middleware Assembly (PRAGMA)

- Science is an intrinsically global activity
- GRID is transforming computing and collaboration, but is too hard to use
- Middleware software needs to interoperate

PRAGMA: SARS GRID

3

PRAGMA Telescience at iGRID 2002

4

PRAGMA: Eco-GRID
